Recruit a Partner to the Program Phase 3

12. Field Recruiting Using the Partner Value Proposition

Phase 3: Recruit a Partner to the Program

Workshop Exercise:

- **Develop:** a recruiting presentation ۲
- Goal: for your ideal solution provider to ۲ join the partner program you have just created
- Medium: live presentation to the panel
- Situation: you previously met and gained sponsorship for an executive team meeting

Note: Do not assume your audience understands the Customer or Partner Value Propositions from previous meetings.

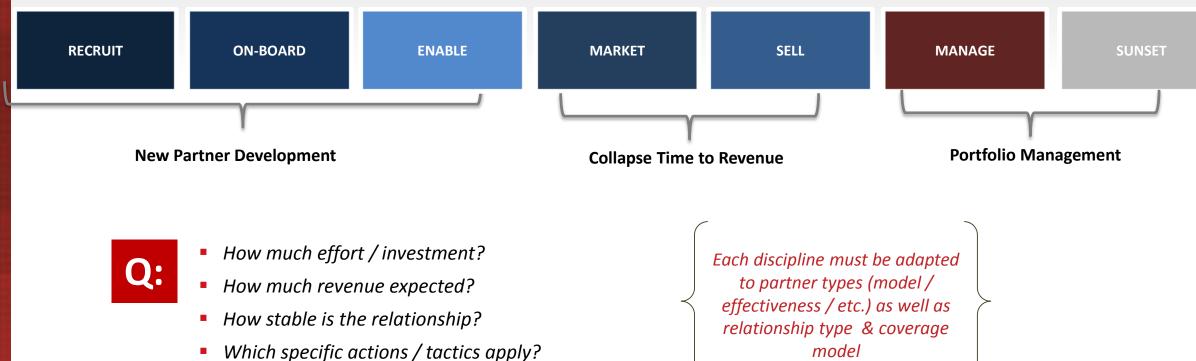

Partner Value Proposition: Detailed View - Pick the Areas You Will Address Category The Questions Partners Ask = What's in it for them? Do my Technicians vouch for it? Does the product work? 12.1 SOLUTION VIABILITY Is it considered Best of Breed? Is it an open solution with easy integration? Э ould I bet my business on it? ወ What is the size of the target market? Phase What are the use cases? **12.2 CUSTOMER DEMAND** How does it solve those business problems? Are customers asking for it? Simulation How hard is it to ramp up? What are the GMs? **12.3 PROFIT POTENTIAL** hat are my costs to sell and support? What investment do I need to make? How long until | break even Can I trust vendor claims? 12.4 VENDOR CULTURE Is the vendor committed to the channel? Does the go to market plan favor the channel? Will it set me apart from my competitors? 12.5 SYNERGY & DIFFERENTIATION Will it allow me to become more competitive? Does it offer the next adjacency to my current skills? Channel Masters^{*}

How You Manage Your Partners Depends On WHO They Are As Well As "WHERE" They Are

© 2017 IPED - The Channel Company

How You Manage Your Partners Depends On WHO They Are As Well As "WHERE" They Are

Always	Reinforce	Demonstrate Your
Be Visible	Your Message	Value

MAKE CHOICES EVERY DAY

Typical Answers

- Competitors' best partners
- Existing technology sales practice is majority of their business
- Biggest solution providers
- Partners who are willing to be exclusive
- Anyone who will say YES

Evolved Answers... One Who Meets Your Profile

- Partners who can execute their business models and are accountable for results
- Partners who have mature / effective services practices
- Partners who target specific high-priority vertical segments
- Partners who have effective marketing / demand generation abilities

Value Proposition

12. Delivering the Value Proposition VAR-MSP View

A Partner's Assessment of Your Product & Program versus Other Choices

Solution Viability: Would I bet my business on it?	Customer Demand: Pull vs. Push?	Profit Potential: ROI on Education, Demo Sets, etc.	Vendor Culture: Go to Market with Channel?	<u>Synergy and</u> <u>Differentiation</u> : Am I the Correct Profile?
Is the product best of breed? Does it integrate easily?	Is there sales momentum and customer desire for the product or service?	Is there a compelling case for ROI and profitability?	Is the go to market favorable to the channel? Is trust established with the channel? Are rules of engagement trustworthy?	Is there an obvious adjacency with current offerings resulting in synergy with my existing business? Does this solution differentiate me from competitors?

A Partner's Assessment of Your Product & Program versus Other Choices

Solution Viability: Would I bet my business on it? Customer Demand: Pull vs. Push?

Profit Potential: ROI on Education, Demo Sets, etc. Vendor Culture: Go to Market with Channel? <u>Synergy and</u> <u>Differentiation</u>: Am I the Correct Profile?

The goal is not to convince a partner to sell your product, but to recognize a mutually-beneficial business opportunity... then commit to building the business together.
This is NOT a sales conversation, it's a **business investment conversation**. Your role is to help them see the opportunity and the beneficial synergies it brings to their business objectives.

12.1 – 12.5 MacroSoft CloudOne

- In your recruitment pitch you will use worksheet material sections 12.1 – 12.5. These are in the value proposition section.
- Please also use or refer to material from your previous worksheets:
 - Partner program
 - Partner profile
 - Capacity plan
 - Gross margin and services assumptions
 - Etc.

Partner Value Proposition

- 12.1 Describe the Solution
- 12.2 Customer Value Proposition
- 12.3 Show the Profit Potential
- 12.4 Highlight the Vendor Culture
- 12.5 Point to Synergy & Differentiation

You will create a PowerPoint presentation to Recruit a Partner

A Partner's Assessment of Your Product & Program versus Other Choices

Solution Viability: Would I bet my business on it?

Customer Demand: Pull vs. Push?

Profit Potential: ROI on Education, Demo Sets, etc. <u>Vendor Culture:</u> Go to Market with Channel? <u>Synergy and</u> <u>Differentiation</u>: Am I the Correct Profile?

Partner Value Proposition vs. Customer Value Proposition

What's the Difference

Partner Value Proposition

Partner: asses relevance, odds of success

Customer Value Proposition

- Partner: during recruitment visualizes which Customers have the solution/product need.
- Customer: assesses need when the Partner sells solution

• What is the solution?

and ability to make money.

- Customer Value Proposition?
- What is the customer demand and market size?
- What must I do to invest?
- What is my likely return? By when?
- Will I differentiate myself from my competitors?
- Do I trust you /your company?

- What is the solution? Capabilities?
- What business problem does it solve?
- What is the demand ?
- What are the use cases?
- Who are the references?

Answers the Questions

Audience

12.2 What is a Customer Value Proposition?

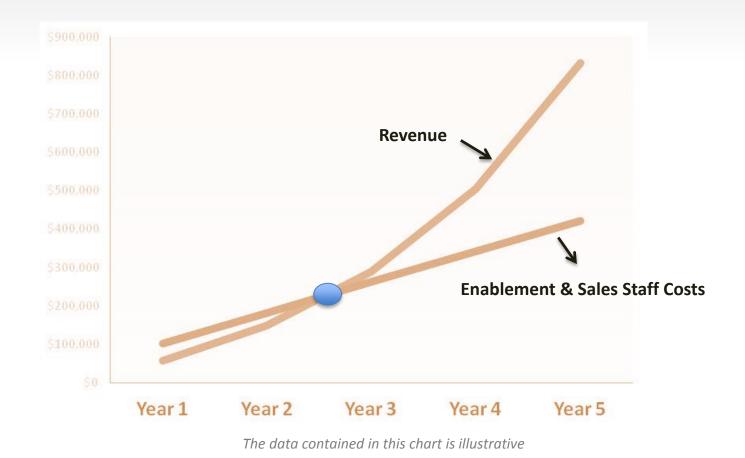

- The **Customer Value Proposition** is required, though not always made clear in communications - Vendors often stop at Feature, Function, Benefit
- The **Partner Value Proposition** is not complete without a Customer Value Proposition
- Product Marketing is typically the source for Customer Value Propositions
- If you do not provide it; CAMs will make it up!!!

Category	The Questions Partners Ask = What's in it for them?
12.2 CUSTOMER DEMAND	 What is the size of the target market? What are the use cases? How does it solve those business problems? Are customers asking for it?

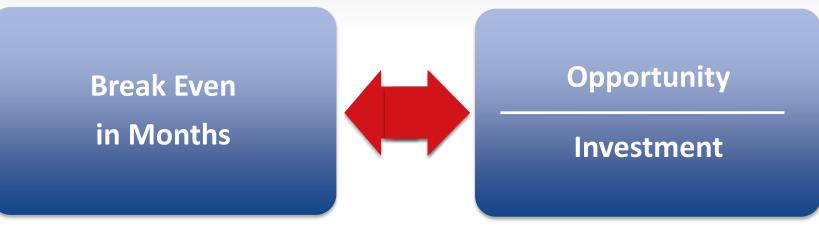

Sample Break Even Analysis

Partners typically invest in technologies where they break even in less than 12 months!

IPED^{*} **Consulting** © 2017 IPED – The Channel Company

"I want you to invest..."

"I want you to invest...here's what's in it for you."

Opportunity

Investment

Qualitative:

- Innovative and reliable technology
- Brand strength & market presence
- Ability to differentiate in their markets
- Relationship with you, the Vendor

Quantitative:

- Revenue and profits over a period of time projected by month
- Incentives
- Program support & cost off-sets (sales, marketing, technical, service program benefits (GETS)

"I want you to invest..."

Opportunity

Investment

- Program fees
- Sales Training
- Technical Training tuition & travel
- Technical Training opportunity cost (technical time lost billing)
- Certification & testing expense
- Marketing
- Demo Sets, etc.
- Incremental staff to be hired

12.4 Vendor Culture

Category	The Questions Partners Ask = What's in it for them?
	Can I trust vendor claims?
12.4 VENDOR CULTURE	 Is the vendor committed to the channel?
	 Does the go to market plan favor the channel?

12.5 Synergy & Differentiation

Category	The Questions Partners Ask = What's in it for them?	IPED Adjacencies?
12.5 SYNERGY & DIFFERENTIATION	 Will it set me apart from my competitors? Will it allow me to become more competitive? Does it offer the next adjacency to my current skills? 	In which programs do your targets participate?

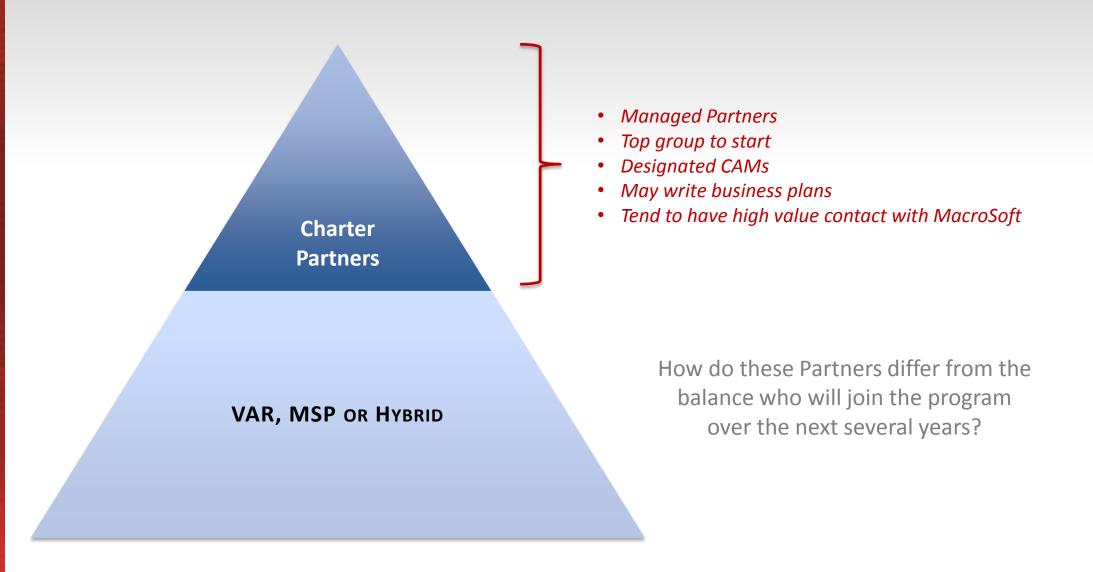

Telephony	Unified Comm	Networking	Data Center
On-prem PBX		Routers, Hubs	Servers
Cabling	Call Center Integration	Security	Storage
Voice & Data	UC/Mobility Integration/SkypeBiz	Unified Comm	Systems Mgt. Software
Managed PBX	Managed VOIP	Comm as a Service	□ laaS, BDR, etc.
	Mobile Device Mgt.		

Blue indicates Recurring Revenue

"How am I different than every other Cisco Gold?"

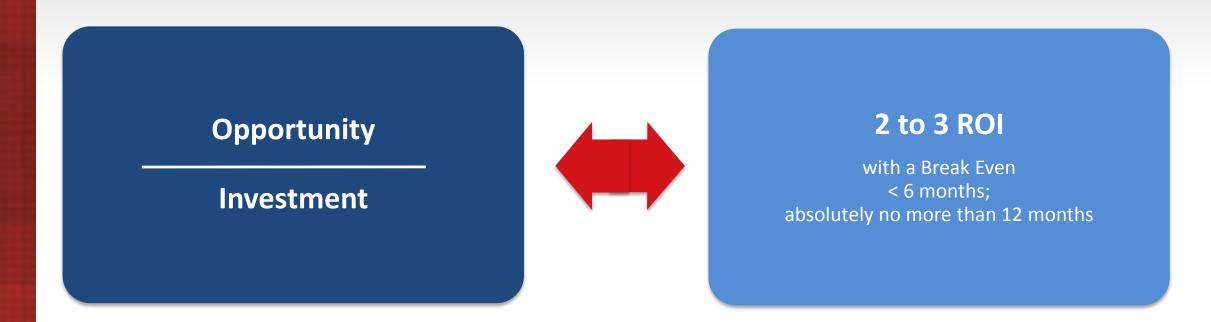

You Don't Yet Have a Program with Tiers nor with Tracks for Hosters/MPS versus VARs, however, which Partners are you Recruiting to Start?

IPED Channel Masters Webinars on Value Proposition

Target Market

- Mid-market+ data centers
- 500 to 10,000 employee customer segments

Typical Buyer

- Architects
- IT-System-DB-Network Managers
- Application Developers
- Security-Compliance Teams

Compelling Buyer Motivation

- Ease of use when xxxxx; avoids application re-write, different tools or processes
- A need for predictable and consistent hybrid cloud performance
- Robust, enterprise-class support regardless of where the workload resides

Typical Use Cases:

- Backup Disaster Recovery
- Application Development Test

Capacity

• Peak Period Processing Capacity

What might you assume to get started?

- Service sold @ xx% discount + rebate
- Utilize 50% of an existing xx skilled sales person for emphasis
- Does not require incremental hiring; utilize your existing sales force
- Utilize existing xx technical skills for on-boarding & service delivery

What might the revenue outlook be for 10 deals in 12 months?

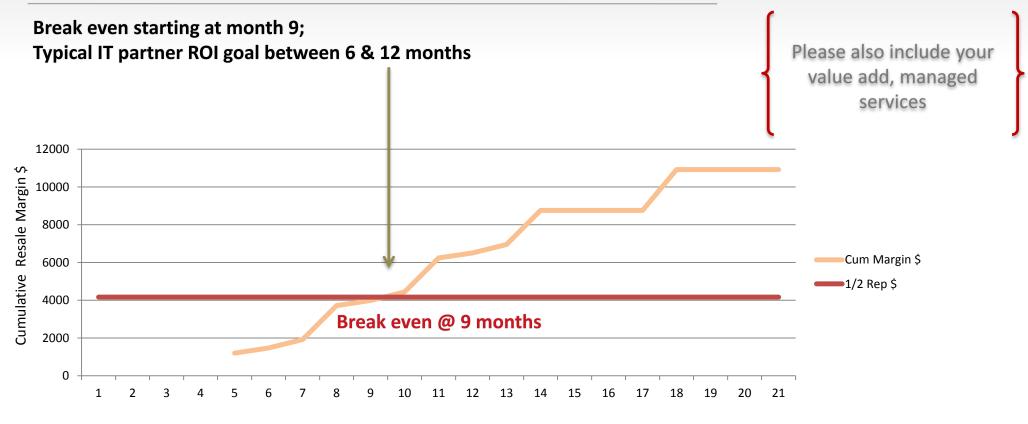

- January: Sales training is completed, leverage existing certification in place on technical side
- February: Selling
- March: first large contract closed @ \$8000/mo; 60 day lag to order and on-board
- April, July, October closes one (1) deal/each month @\$1,800/mo
- May, August, November closes one (1) Dev-Test or BDR deal/each month @ \$3,000/mo
- June, September, December closes one large deal/each month @ \$12,000/mo

Does not yet include your managed, hosting or cloud services

- Your patch management or other managed services are not yet included
- Assumes list pricing
- Demand generation and awareness tasks are completed driving prospective customers both inside your current customers as well as some net new customers landed

Real Life Examples: Sample ROI Analysis on a Service Showing Time to Break Even

Assumptions on previous page are for illustrative purposes only, your assumptions must be used to plot your break even point.

Months: January = 1

Recruiting Backdrop

- Year round recruiting? or Only when declared?
- Who's responsible for recruiting?
- Who Identifies the Ideal Partner Profile?
- Recruiting few? or Many?
- Who's researching prospective recruits?
 - Targeted: stated profile represents many partners
 - Pinpoint: stated profile representative of a few, critical partners
 - All Who Apply: open to any profile

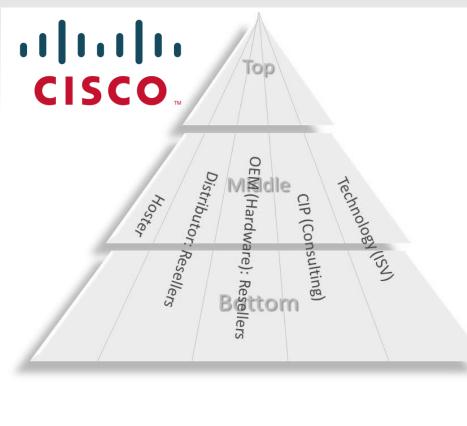

Applying The Workshop Principles to Your Business Problems

But Wait!!

There's More!!

Driving Cloud Adoption by Role:

- Cloud Builder designed for those building clouds (private and pubic)
- Cloud Provider designed for those who want to take an offering to the public
- Cloud and Managed Services Reseller designed to connect the traditional Cisco reseller to a public cloud provider

2014 Cisco enters the Public Cloud Services Space, competes with AWS, VMware, etc.

Under the new program, partners at the Gold level -- still the highest possible tier -- need to be actively selling a minimum of four Cisco cloud or managed services offerings, and can only meet that requirement by selling at least one cloud service and at least one managed service.

Best of Breed

VMware Best Practices focuses on helping partners build services and service revenue quickly:

VMWare SERVICES SOFTWARE

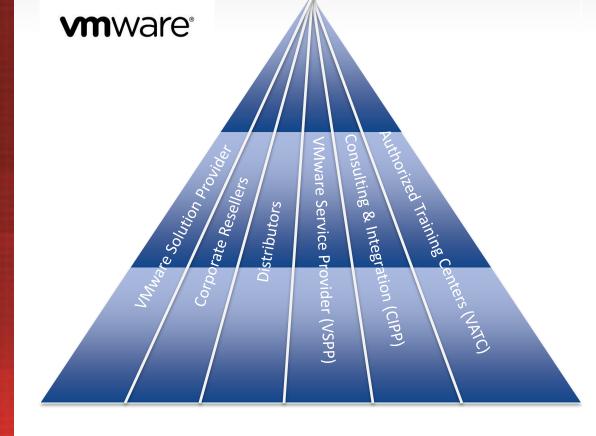

Bundled kit of services wrapped around VMware Software to allow partners the ability to streamline and simplify many repetitive, time- intensive tasks performed in virtualization projects.

SKUd solution from distributors or available direct via download from VMware for higher level partners.

Service Kits also available to partners

Kits that wrap up VMware IP to provide partners with resources and tools to sell services around VMware products. Includes:

- Checklists
- Best practices
- Spreadsheets

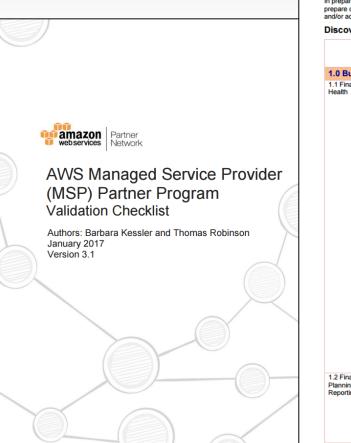

Partner Program Examples: Amazon

Emerging vendors are NOT encumbered by the past.

- Focused on WHY they need partners and offering targeted programs
- Focused on specific business models that make sense for their product offerings
- Building programs that meet their needs sometimes contradicting traditional behavior
 - ✓ i.e. AWS Managed Services Program
 - ✓ Requires validation by 3rd party audit firm
 - \$3,000 USD audit fee + related travel expenses if applicable
 - Represented as Audited Managed Services Partners on AWS website/marketplace
 - According to AWS Partner finder = 93
 MSP partners

AWS MSP Partner Program Validation Checklist

AWS MSP Partner Program Validation Checklist

In preparation for the validation process, Partners should become familiar with the items outlined in this document, and prepare objective evidence, including but not limited to: prepared demonstration to show capabilities, process documentation, and/or actual customer examples.

Discover, Plan, Migrate, Integrate, Validate

			Subtract if Does Not Meet Capability	Add if Does Meet Capability	Partner Self- Assessment	Auditor Validation
	1.0 Business	s Health				
	1.1 Financial Health	Partner regularly assesses financial health of their business including Altman's Z-Score, Dun and Bradstreet (D&B) Paydex Score, D&B Rating, D&B Financial Stress Score, D&B Supplier Evaluation Risk Rating, or equivalent. AWS MSPs are trusted advisors to customers of all	-200	0		
ovider		sizes, helping companies make decisions based on their overall goals. In undertaking customer engagements, AWS MSPs take the lead in ensuring customer data is protected and AWS best practices are followed in all areas including the planning and design, migration, and new solution development. The expectation is that these solutions and workloads will be monitored and maintained on an ongoing basis, with the AWS MSP providing regular touch points with the customer with continual recommendations on ways to increase efficiencies. Due to the importance of the role of the AWS MSP, Partners must also show that they have viable businesses to earn and maintain customer				
		trust. Acceptable evidence includes D&B Company Credit Reports (or equivalent for Partner's region) and proof that Partner is assessing and creating plans when risks are identified. Public securities filings for the most recent period are sufficient evidence for publicly traded companies.				
		Articles in the press about the company, analyst reports, and/or statements made by the company on their website will not be considered sufficient evidence to meet this requirement. Any mergers, acquisitions, or divestitures in-process that materially impact a company's ability to deliver AVVS Cloud managed services must be disclosed at the				
	1.2 Financial Planning and Reporting	time of the audit. Partner has processes in place for financial planning, including forecasting, budgeting, and review of financial metrics and reports.	-200	0		
		Evidence must be in the form of records of financial planning and reviews, and records of collection and review of financial metrics. Public securities filings for the most recent period are sufficient evidence for publicly traded companies.				

MacroSoft Cloud One Appliance

From a Company You Trust, MacroSoft

"The Single LOB, IoT or Cloud Infrastructure Solution for the SMB, Upper Mid-market or Departmental Enterprise Customer"

Today's Discussion

Our Solution

In an effort to dramatically simplify Line of Business, IoT and Cloud Computing, an integrated solution is available on-premise or as a service; offering a single device to deploy to any Departmental Enterprise, Mid-Market or SMB customer (private, public or hybrid)

- Feedback from our Beta Customers, MacroSoft

KEY SOLUTION FEATURES:

- Comprehensive IoT, LOB or Cloud Management Platform
- Self-contained hardware unit
- Enhanced security threat, operational and customer behavior visibility
- Pre-integrated access to most major public cloud offerings
- Comprehensive APIS, connects to or hosts IoT platform software

DO YOU HAVE CUSTOMERS WITH THESE NEEDS? (USE CASES):

- Managed network or security server
- Departmental Enterprise Private Cloud
- Hybrid Cloud Server
- Backup Disaster Recovery
- Web Based or LOB Applications
- IoT Platform Application Server needs

The Market and Your Services Opportunities

 Cloud, LOB or IoT Customer SMB & Upper MM Customer <\$250M Revenues Enterprise Departmental Up to 200 Upper 	Your Services	Traditional Resell Offering	Managed Services Offering
 ✓ Up to 200 Users The Market ✓ \$2.1B total addressable Market 	Pre-sales consulting opportunity : (i.e. Requirements development, POC implementation, planning services, etc.)	10-15% of total system price (For SMBs, mostly at no-charge)	10-15% of total system price (For SMBs, mostly at no-charge)
 Over 5 years 14.5 CAGR 2015 thru 2020 Competitors are multi-vendor converged solutions One appliance vendor with direct sales Customer Benefits 	Implementation services opportunity: (i.e: installation, configuration, data migration, etc.)	25-50% of total system price	10-20% of 3 year subscription price

30 – 90 days Enterprise Departmental solution \checkmark

Your Differentiation in the Market is a function of Your Managed Services Capabilities

Cloud, IoT Consulting & Plans

-Customer Workloads -Application Security -Availability & Compliance Needs Implementation - Migration -System Interfaces -Administration

Managed IT Services

-Security & Networking Edge Device

-Including monitoring, application & patch management

-Machine, Operational and Customer Behavior Dashboards (Splunk)

-For the platform or a fully managed LOB application system by you for the customer

An Opportunity to Grow Vertical, Managed or other Emerging Services

As a Service Monthly	Basic Service	Total Contract Value @ 36 mos	Pre-/Post-sale Services
SMB	\$1,000	\$36,000	\$9,000/Implementation \$550/month managed services
Mid-market & Dept. Enterprise	\$1,000	\$36,000	\$18,000/Implementation \$550 month managed services

Targeting managed services & cloud partners with: \$3M+ annual revenues, 25% from managed services with an existing SMB & mid-market install base, access to enterprise customers

Partner requirements:

- >2 managed or cloud service offerings
- partnership with a public cloud provider and a HW, SW, cloud services track record
- half a sales staff dedicated to leadership
- technical staff trained for pre-sales consulting and post-sales implementation
- **Single-tier channel ready solution** offering a direct relationship with us, partner only territories, including a flat 25% discount and performance based rebates:
- no cost training
- \$7,000 MDF to drive pipeline, more is available
- services mentoring, sow in a box, facilitated business planning session

Assume 30 Day Lag from Sale to Revenue

Month	Activity	Revenue by Month
January	Staff, Target Accounts	none
February	Train & Sell	none
March	Close SMB service	none
April	Close SMB service	SMB service
May	Close Mid-market service	SMB service
June	Close Departmental Enterprise on prem	Mid-market service
July	Close Mid-market service	Enterprise on premise
August	Close Mid-market on prem	Mid-market service
September	Departmental Ent. on premise	Mid-market on prem
October	Close Mid-market on premise	Enterprise on prem
November	Close Mid-market on premise	Mid-market on prem
December	Close SMB service	Mid-market on prem
January	none	SMB service

Is this a Reasonable Scenario?

2 months -Hire, Train, Sell

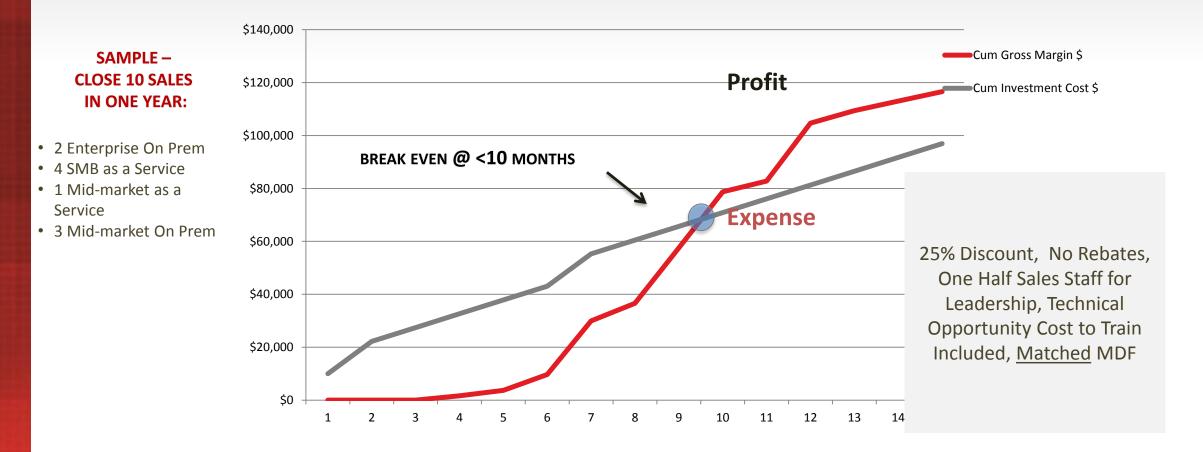

Then close one/month @ 10 months
2 Enterprise On Prem
4 SMB as a Service
1 Mid-market as a Service
3 Mid-market on Prem

Investments:

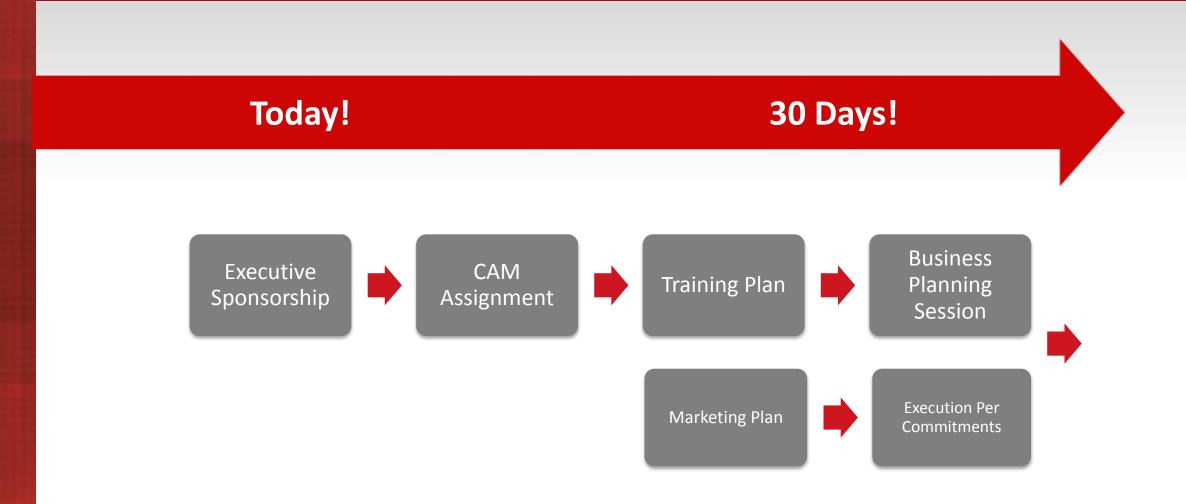

Half a Sales Rep	\$125,000 fully loaded full time \$10,417/mo
Tech Education Opp Cost	\$4,800 \$1600/day @ 3 days
Marketing	\$7,000 MDF, two increments available, matched \$ set aside in case asked to match

Beta Customer Experience Reflected to Project Break Even in 8-10 Mos.

Assumptions available and are for illustrative purposes only, we would like to to plot your break even point with you.

- ✓ Affinity Alliances
- Two Tier Distribution
- The role of Service Providers in Two Tier Distribution
- Trends in Routes to Market usage
- Real Life Examples of Role based Programs, Converged Infrastructure, Cloud Programs, Services IP for Partners to Fuel Services Capabilities, Born in the Cloud Program
- Tiers and Levels: Three versus Four
- Graduation to higher tier levels
- Consolidation resulting in Broad Product Lines offering Cross Sell opportunities

- Ease of Use in Single sign-on, single brand with multiple tracks by business model or role
- Tiered vs Role based discounts
- Incentives
- Global considerations
- Feedback loops: CAM, Advisory Councils, Road Shows, Roundtables
- Program transformation history: Revenue, Points, Specialization/Certification, Role
- ✓ PRM
- Forecasting and access to POS through Distribution

Channel Account Manager Training: The Business Plan

The Partner Business Plan

A jointly developed plan resulting in an understanding of your partner's revenue mix, investment with competitors, enablement plans, marketing plans and organization. Share of wallet and clear revenue commitments are two critical.

Revenue & Opportunity Planning

Optional: A jointly developed opportunity worksheet identifying the top opportunities for immediate engagement to close.

The Quarterly Business Review (QBR)

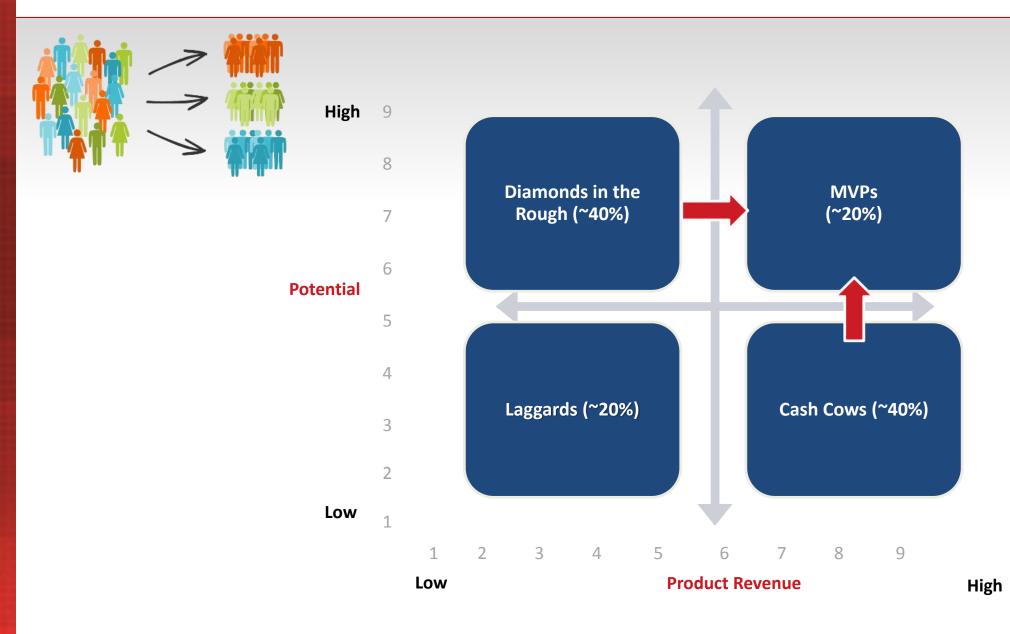

A structured, quarterly meeting to review progress against quarterly goals set out during the annual Business Plan.

The Call Plan

A structured Partner call preparation template (may be reduced to a checklist) to maximize the effectiveness of your partner call. Clearly prepare your stated goals, anticipate objections, prepare objection handling tactics.

Segmenting Partners Indicates Which to Prioritize for Business Plans

INFO REQUIRED:

- ✓ Product ASP \$_____
- ✓ # of Deals an Average Partner can Sell _____/year
- ✓ My annual Quota/Budget \$ _____
- ✓ Recruitment Failure Rate: _____%

(Historically what % of partners recruited do not achieve **AT LEAST 80%** of the # of deals the Average Partner sells per year?)

CALCULATIONS:

Average Partner Productivity \$_

(Equals Product ASP * # of Deals Average Partner Can Sell/year)

✓ # of Partners Required _____

(Equals My Annual Quota \$ \ Average Partner Productivity \$; round up)

of Partners likely to Fail ______

(Equals # of Partners Required * Recruitment Failure Rate %; round up)

Final # of Partners to Recruit _____

(Equals # of Partners Required + # of Partners Likely to Fail; round up)
